BAILEY CAN GET IT.

The Texas Congressman Can Succeed Himself in the House.

REFUSES TO ACCEPT.

It Is Asserted That He Will Take the Place When the Time Comes.

Republicans Split on the Monetary Bill.

Washington, Nov. 30.—The present indications are that Joe Bailey will succeed himself as the leader of the house minority.

This has partially been brought about by Mr. Bailey himself in his support for Mr. Bankhead for the place.

Mr. Bailey is the choice of a majority of the Democratic members, but he has declared that he does not want the honor and that under no circumstances will he enter the race. Mr. Bailey will not listen to any proposition of this nature at the present time, but his friends say he will have to listen later on.

Salzer of New York, DeArmond of Missouri, Bankhead of Alabama and Richardson of Tennessee are the four candidates in the field. It is certain that neither has enough followers to com-

CONGRESSMAN BAILEY.

mand anything like a majority of the Democratic votes in the house and some other means must be resorted to and Bailey is the only sure man.

That Mr. Bailey is popular no one dares to dispute, but he is not without opposition and either one of the candidates will throw their influence to Mr. Bailey before they would to their opponents. Mr. Bailey can get the honor if he would only give his consent. Besides, it is said, if he will take it, he will have the faithful cooperation of all the candidates and leaders, something that he lacked before.

Monetary Reform Bill.

Washington, Nov. 30.—The Republicans will find it difficult to agree on the monetary reform bill drawn by the caucus committee at the Atlantic City session last summer. The bill is said not to be entirely satisfactory to the majority of the members, while many of the western members say it will be folly to pass any such measure if the Republicans really desire to hold some of the western states.

The principal objection is to the proposal to declare all the obligations of the government as well as all private and public obligations involving the payment of money payable in gold coin, the proposition to make silver money redeemable in gold if the secretary of the treasury deems such a step necessary for the maintenance of the parity of the several kinds of money and the broad authority given the secretary to issue bonds to obtain gold.

Hanna Willing to Retire.

Washington, Nov. 30.—A dispatch received here from Cleveland says there seems no doubt Senator Hanna will retire from the chairmanship of the Republican national committee, if President McKinley will consent. The senator dreads the responsibility, in view of his condition of health. The authority for the statement is such that credence is given to it.

Alleged Lynchers Indicted.

Dexter, Mo., Nov. 30.—As a result of the William Huff lynching at Bloomfield, on Nov. 16, William and John De mint were arrested and lodged in jail. True indictments were found against them for the murder of Huff. They are both reputable citizens and stand high socially in the county. These are the two men whom Huff recognized, and whose names he called out as he was being led from the jail by the mob. Huff was in jail under indictment for killing Andy Melton a few days previous to the lynching.

Wealthy Ranchmen Indicted.

Perry, O. T., Nov. 30.—The grand jury of Pawnee county has created a sensation by returning about 20 bills of indictment against that number of wealthy cattlemen who graze cattle in the Osage Indian country for failure to properly return cattle for taxes to the assessor of Pawnee county.

TO OUTDO TRUST LAW.

Railroads to Combine Through Financial Sources to Beat the Law.

New York, Nov. 30.—Quietly but surely there has been built up by the financial giants who control the truck line railroads, a traffic deal which will be able to get around the law against pools and yet accomplish all of the purposes of a pool and enable them to secure profitable rates to all of the interested companies. It was the knowledge that this traffic deal is about to be put into operation and the fact that the Baltimore and Ohio was to be operated in harmony with Pennsylvania and New York Central interests that gave rise to the report that the first named company had been acquired by the Pennsylvania railroad.

Denials are made of the report that the Baltimore and Ohio has been acquired by either of its competitors, but it is understood that the management of the Baltimore and Ohio has reached an understanding with the financiers who control the Pennsylvania and Central to handle all traffic impartially and henceforth not to permit any rate disturbances to influence them.

The Erie, Delaware, Lackawanna and Western, Ontario and Western, Reading, Lehigh Valley, Central and Chesapeake and Ohio are all controlled in the interest of Messrs. Morgan and Vanderbilt and there is no danger of disturbance from these companies.

Rapid strides have been made in arranging details of the big traffic deal which, to all intents and purposes is to be a pool of the most ironclad character, but regulated by a coterie of financiers, not by traffic officials. Rates will likely be increased, especially in the west.

The men who have this scheme in hand foresee possibly efforts on the part of the authorities to make trouble and to charge them with violating the antitrust law, on the ground of running a pool. They will be prepared for this in more ways than one. In the first place, they will hold that no traffic association exists among the trunk lines and they will defy the authorities to find one. Hence they will say there was no outward sign of a pool. The steps which have just been taken to destroy signs of pooling are significant. The committee of the joint traffic association, which had in hand the duty of winding up the affairs of the association, it was declared to be illegal by the United States supreme court, has just taken the last steps to extinguish the remains of that organization. Notices were sent out two days ago that all of the furniture in the rooms of the joint traffic association would be sold and the lease of the rooms which runs until May 1 will be disposed of. After Dec. 31 all of the employees of the association will have been dismissed.

The new arrangement applies chiefly to westbound business. Eastbound traffic cannot be controlled so easily since the initial lines are in the west and they sometimes make concessions to shippers. It is said, however, that the scheme contemplates the bringing of all kinds of business, both east bound and west bound, passenger as well as freight, under the same strict control.

Conscience Hurt Her.

Galesburg, Ills. Nov. 30.—A remarkable case of troubled conscience has come to light here. Three years ago Mrs. Mattie Anderson, of Bath, Me., while in this city, rode a bicycle one night without a lighted lantern, which is against the city ordinance. No one saw her do this. Mayor Carney has just received the following letter from her: "I rode a bicycle in your city one evening about 1896 without a lamp. I knew it was against the law. God says: 'Submit yourselves to every ordinance of man for the Lord's sake.' I wish to make right whatever is held against me for violating that law." The mayor and police were greatly astonished over this exhibition of repentance for a trifling misdemeanor. The mayor has written her that he remits the fine.

Goes to State Revenue Fund.

Jefferson City, Mo., Nov. 30.—The money resulting from the fines of the fire insurance companies will be turned into the revenue fund. This is done under authority of an opinion written by Attorney General Crow at the request of State Treasurer Pitts. The attorney general says that the money collected by the fines, amounting in all to \$90,000, can properly go into that fund, and it has been so apportioned, helping out a fund of the state treasury that is harassed and threadbare from one end of the year to the other.

Chicago the Favorite.

Washington, Nov. 30.—The national Republican committee will meet in Washington week after next. An official canvass has been made of members by mail to learn their preference as to time and place of holding the convention. Over half of the members have been heard from. The time favored is the middle of June. Chicago leads other cities as the choice of location.

AMUSEMENTS.

My Friend from India the Next Attraction—Coming on Monday Night.

An advance notice says: In reviewing the performance of "My Friend from India," lately given by a specially engaged company at Hoyt's Theatre, New York, the Evening Sun of Feb'y 26th, says: "In one or two respects the new cast of 'My Friend from India' is an improvement on the original. Mr. Perkins, who was the original barber, still holds his laurels undisturbed, however. The gentle-

man who now plays the part does not come within a thousand miles or him artistically." And that has been the verdict all over the country where there has been an opportunity to compare the work done by others in the part made famous by Walter Perkins.

It is the latter gentleman who heads the company announced to appear on Monday night at the Grand, and from the many who have essayed the different roles the best have been chosen and are now in support of Walter Perkins, and constitute what is now known as Smyth & Rice's Comedians, so a performance of a marked degree of perfection can be reasonably looked for.

To quote again from the Evening Sun article: "There seems to be no earthly reason why any one should have the blues as long as 'My Friend from India' remains in town."

Educated Animals.

Prof. Gentry's company of educated dogs and ponies will appear in this city under a large waterproof tent near depot, Wednesday, Dec. 6, afternoon at 3 o'clock, and night at 8.

It would be difficult to conceive a more pleasing and instructive entertainment than this which Prof. Gentry has perfected after years of labor. The little animals, over 300 in number, are educated to the highest degree of proficiency, and take great delight in showing their marvelous and cunning feats to the patrons of this, the greatest of all tended exhibitions. The prices of admission will be: adults, 20 cents; and children, 10 cents.

POPULIST ADDRESS.

Appeal to the People Issued by a Populist Leader.

Dallas, Nov. 30.—The executive committee of the People's party has issued the following, being headed, "To the Honest Voters of Texas," and signed by T. H. Oliver, chairman. It reads:

"At a meeting of the People's party executive committee of Dallas county, held at the Mercury office, Nov. 25, 1899, the following statement of principles and purposes were unanimously adopted:

"Realizing the anomalous conditions that environ the American people, both state and nation, in private as well as in public affairs, and believing that the true patriotism must overstep partyism in this great struggle, we invite the co-operation of all good citizens in the work of securing a government of justice and equal opportunity.

"We cannot subscribe to the oft-repeated party doctrine of 'the greatest good to the greatest number,' but rather to the more noble and unselfish doctrine of 'the greatest good to all.'

"We hold that all governments derive their just power from the consent of the governed, and that the mere right to vote for rules does not constitute self-government. The people must not only have the right to vote for public officers, but also the right of initiating and voting in any legislation when they so desire.

"We therefore desire the adoption of the system of direct legislation, known as the initiative and referendum, together with proportional representation and imperative mandate, to the end that the power of the people may be justly and effectually exercised in government.

"We recognize the fact that there are many great and important reforms needed at the present time, but we hold that none of these can be accomplished until the right to rule has been restored to the people.

"We believe it will be impossible to secure direct legislation without a union of all reformers, and we therefore declare our readiness to join with all persons who are ready to make direct legislation a common cause.

"To this end, we believe our national executive committee should cooperate with other organizations, having in view the same purpose, and if possible to organize into one grand army all who are willing to trust the people with the actual power and opportunity of self-government.

"If permitted to see this much desired union consummated, and the hosts of reformers materialized under one banner, we pledge our sacred honor to strive in every honorable way to remove all obstacles calculated to cause dissensions and divisions, to forget the animosities, present and future, and buoyant with the prospects of a higher and nobler civilization, to press forward until victory is ours and we are in reality as in name—a free people.

"We favor an early state convention, and to this end we urge that our state chairman proceed at once to organize for a state campaign.

"We earnestly desire a full national, state and county ticket committed to these principles from precinct public weigher to president."

COCAINE HIGHER.

Peru Revolution Caused a Short Supply and Increased Price.

New York, Nov. 30.—Persons who are accustomed to buying cocaine have been forced to pay much more for it recently than the normal price. In fact, the drug has risen from \$2.50 an ounce to \$6.25 an ounce in the last few months. This is caused by the revolution in Peru. That the South African republic raises all the raw cocaine that the world consumes. It is manufactured from the leaves of the coca plant and to supply the demand in this country the dry leaves are shipped north and the drug manufactured here, or a coarse native product made from the leaves in Peru is brought here and refined by improved processes. The revolution has prevented the gathering of the coca leaves from shipping their product to Lima, the principal market, hence a short supply and an increased price. The indications are, however, that the top notch of the rise in prices has been reached, as Peru shows signs of settling down again for a time at least.

Belton Cotton Receipts.

Belton, Tex., Nov. 30.—The total receipts of cotton by wagon have reached the 7000 mark and it continues to come in. The total receipts from wagon and the compress at this point will not much more than reach half of that of last year.

Time Extended.

Tahlequah, I. T., Nov. 30.—Both houses of the Cherokee legislature have finally passed the bill extending to July 1 next, the time for congress to ratify the Cherokee treaty. The treaty is practically the same as that made with the Dawes commission.

Ended Her Life.

FRIDAY, NOVEMBER 1, 1899.

Wrong motives for action bring ruin in their train; right motives cannot fail to bring success. "Right for right's sake" is the only safe guide for our children, as for ourselves. And it is a sufficient one. Contrary to the accepted idea of most people, a child can grasp it. I am not sure but that often a child can grasp the truth much more clearly than an adult, because the youthful mind is less befogged by worldly wisdom.—December Ladies Home Journal.

The Eagle sometimes feels very much like the Richmond Coaster expresses itself in the following, and always reaches the same philosophic conclusion: "The Coaster has said so much in favor of the establishment of a factory which will have a pay roll that will keep business going during the dull season, and it has received so little encouragement, that it is prone to believe that the people who should be most interested have quit reading its pleadings, suggestions and advice. However, it is working for the community's good, and whether or not its efforts are appreciated it will continue them. A small cotton mill would soon grow into a large one. It would bring more people, who would have to have houses to live in, groceries to eat, clothes to wear and their money would go to our merchants and the raisers of produce."

Could Not be Healthy, Happy or Wealthy Anywhere but in Bryan.

The Eagle is in receipt of the following characteristic letter from Hon. C. A. Adams, and we beg leave to say in reply that we, with other friends, stand ready to welcome him back to the best town in Texas:

Austin, Texas, Nov. 29 1899.
To the Bryan Eagle:

I expect to be home soon—not that I love Austin less, but Bryan more. I could neither be healthy, happy nor wealthy in any town on earth except Bryan. Look out for me, I can't stay away. I would like to be president of the United States, but unless the capitol was located in Bryan, I would not accept.

Will Quit Work Unless Reese Is Released for Alleged Contempt.

Pittsburg, Kan., Nov. 30.—The excitement in union labor circles resulting from the action of Federal Judge Williams sitting at Fort Scott, in sentencing John P. Reese, the Iowa member of the national executive board of the United Mine Workers of America, to serve three months in the Federal prison for alleged contempt, culminated Wednesday in an order of retaliation. An order was issued by the executive board of District No. 14 for a general suspension of coal mining in the entire district on Monday next, if by that time Mr. Reese shall not have been released. It is ordered that the suspension shall remain in effect until Mr. Reese shall have been released in an honorable manner by the Federal court. If it shall be strictly observed, the order for suspension will affect thousands of miners in the southwestern Kansas district. All union miners working in the vicinity of Pittsburg have been called to meet in this city.

Three Persons Killed.

Houston, Nov. 30.—A fatal and harrowing accident occurred within a block of the Santa Fe freight depot at the crossing of the track and Texas avenue. H. Joseph Jones and Lillie Bell Banks, colored, and a man named Clark were run over while crossing the track in a carriage by a section of freight cars and instantly killed. The two former had just been married and were being driven from the place of marriage to take the International train to go to Mineola. They were accompanied by Clark and a young woman, who was perhaps, also fatally hurt. The carriage was being driven by a negro and was crossing the track when struck by the freight cars. It was carried 50 feet along in front of the cars. The horses broke away and the driver escaped.

Says They Abducted His Wife.

Cedar Rapids, Ia., Nov. 30.—Tatapicha, a Muskawiki brave, has commenced habeas corpus proceedings here against W. G. Malin, agent of the Sac and Fox Indians, and G. N. Nellis, superintendent of the government school at Tama, for the recovery of Lelah Puckachee, his wife, who, he alleges, was forcibly seized and taken to the school by the defendants. The plaintiff says he and his wife are legally married, according to the tribal rites, that the tribe has always been a community, and that the agent and superintendent have no right to compel the young squaw to go to school against her will. Federal officers here express the opinion that the officials have made a mistake.

Sold to the Trust.

Santa Fe, N. M., Nov. 30.—Hon. J. P. Victory, ex-solicitor general of the Territory, has made final arrangements by which the turquoise trust gets 90 per cent of the turquoise properties in New Mexico, which at the present supplies the bulk of turquoise to the world. The trust was incorporated at Jersey City, under the name of the North American Turquoise syndicate, and its capital is \$1,000,000.

Reducing Telegraph Rates.

New York, Nov. 30.—The Western Union Telegraph company announces that on and after Dec. 1 its rate on telegraphic messages between Havana, Cuba, and New York and all the places east of the Mississippi river, including St. Louis and Minneapolis, will be 15 cents per word, and that the rate to all other places west of the Mississippi river will be 20 cents per word. The present rates are 25 and 35 cents per word.

More Election Frauds.

Philadelphia, Nov. 30.—More election frauds have been unearthed in this city and three arrests have been made. Those arrested are Samuel L. Markley, Frank Taylor and Joseph Hogan. They, with others who have not yet been apprehended, were charged with casting illegal votes, making false and fraudulent returns of election and falsely personating election officers.

The Adams Boodle Case.

Lansing, Nov. 30.—Edwards J. Adams of Grand Rapids, speaker of the house of representatives, was arraigned here under two grand jury indictments, charging him respectively with receiving \$20,000 and \$6000 in the alleged bootling law library transactions. Mr. Adams pleaded not guilty, reserving the privilege of changing the plea if so desired. He gave \$3000 bail.

Train and Coach Collide.

Hazleton, Pa., Nov. 30.—A Pennsylvania railroad train crashed into a stage at Cranberry crossing, killing Miss Davidson of Grafton, W. Va.; Miss Emma Goeddecke of Butler and Mrs. Paisley of Harwood. Toney Cheroy of this city, the driver of the coach, was severely injured.

Hayward's Condition.

Nebraska City, Neb., Nov. 30.—Senator Hayward's condition has taken a decided change for the worse.

A SERIOUS WRECK.

Buffalo Express Run Into by the Accommodation Train.

SIX PERSONS DEAD.

Some Twenty Persons Are Known to Be Injured, Some of Whom Are Fatally Hurt—One Nervy Young Man.

New York, Nov. 30.—The eastbound Buffalo express on the Delaware, Lackawanna and Western railroad while standing outside the station at Paterson, N. J., last night, was run into by a swiftly moving accommodation train bound from Phillipsburg, N. J., to Jersey City. Six persons were killed and there are 20 injured at the hospital at Paterson, of whom some will probably die, while some of those seriously injured were able to go to their destination.

The Buffalo express was waiting for a local train to move that had been delayed at the station, and the Phillipsburg accommodation was following the express but a short distance behind. The two rear cars of the express were broken to pieces, most of the passengers on them being either killed or injured.

When Engineer Reardon of the accommodation, saw the lights ahead the distance was too short to avoid a collision. His train was going at full speed. The engine plunged into the rear car of the express, a Pullman day coach, and ploughed the heavy timbers almost its entire limit. This car was lifted from the track and pushed next to the last car, also a Pullman, carrying off its end and almost completely telescoping it. The wreck caught fire but the flames were soon extinguished.

From the wreck came groans and shrieks and prayers for death or deliverance. It was intensely dark at the scene, and as the broken wood was taken out of the wreck it was thrown to the side of the track. Then it was set on fire to furnish light for the rescuers.

In many cases it was necessary to chop away the wreckage about the injured in order to get them out. One man was found standing on his head in a corner, held fast by wreckage which had piled about him. He was taken out unconscious. It was thought he was dead, but he revived and proved to be only slightly injured.

Those who were chopping through the roof of the car and freeing the victims up there were treated to a piece of splendid courage when they came to Sterling S. Smith, a Cornell student and nephew of General Joe Wheeler. The boy lives in Brooklyn and was going to Philadelphia to see the football game between Cornell and University of Pennsylvania. His right leg was terribly mangled and jammed between heavy iron and woodwork, but he was conscious when the rescuers reached him.

"Don't bother about me," he yelled to the rescuers, "there are women below me. Get them out first; I can wait awhile."

The following is the list of dead: Mrs. Mary Roe of Ithaca, N. Y., and two daughters.

Walter Welbrock, Cornell college, Ithaca, N. Y.
Miller Craig, New York City.
An unknown woman.

SCURRY'S REPORT.

Delivers to the Governor His Investigation at Fort Ringgold.

Austin, Nov. 30.—Adjutant General Thomas Scurry has returned from Rio Grande City, where he has been for the past several days investigating the recent armed conflict which occurred there between the negro soldiers and citizens.

A voluminous amount of testimony was taken and some of the sworn statements of witnesses were of a contradictory nature, so much in fact, that it is a hard matter to arrive at the truth as to where the blame for starting the outbreak should be placed. The stories told by soldier and citizen witnesses were very different in their nature.

An effort was made on the part of some of the citizen witnesses to show that all the shooting was done by the soldiers and that no attack was made on the garrison by citizens. The military authorities were able to disprove these statements, however, and it was clearly shown that citizens were engaged in the battle.

The testimony brought out the fact that some of the negro soldiers had made themselves very objectionable to the better element of the town by their nightly carousals in the low dives of the place and that the trouble which culminated in the recent fierce battle had its origin in a gambling den a few weeks ago when some drunken soldiers attempted to rob the gaming tables.

It is understood that if the governor considers that the testimony clearly fixes the guilt upon any particular parties, whether they be soldiers or citizens, he will urge that they be tried and punished.

Fell From His Car.

Gainesville, Tex., Nov. 30.—Fred Hess, a Santa Fe brakeman, fell from his car at Davis, and was caught under the wheels and one of his legs was so badly mutilated that amputation was necessary. He is now at home here and is in a critical condition.

LETTER FROM GILMORE.

Re Sends One in Code to Manila by a Newspaper Artist.

Washington, Nov. 30.—The following news has been received at the navy department from Admiral Watson:

"Lieutenant Gilmore is well with several men, 25 miles from Vigan. Have received a Meyer code letter from Gilmore by Albert Sosichen, a newspaper artist, who was with Gilmore several months and escaped. Brought here by the Samara.

"News from insurgents, through a Spanish sergeant, indicates the Urdaneta crew killed except Carl, Green, Powers and Burke. Names of the Gilmore party are Walton, Vandoit, Ellsworth, Boissiez, Anderson Edwards and Peterson. Some of the wounded of the Gilmore party were left at Baler. Gilmore has no news of them."

The above dispatch taken in connection with the advices received from General Otis, describing the success of the movements of the army under Young, encourages the naval officials in the belief that by this time the Americans referred to have all been released with the naval contingent at Vigan only 25 miles away to the west and the army advance probably little further distant to the southeast. The town of Bagued is nearly surrounded and there is little chance of escape of the insurgent force if they attempt to encumber themselves in their retreat with prisoners.

Taking the list of prisoners of Gilmore's party given in the cable from Admiral Watson as being at Bagued, the records of the navy department show that the following men must have been left at Baler, on the coast of the island, where the Yorktown's boats crew were captured last spring: John Dillon, Charles A. Morrissey, Ora B. McDonald, William H. Rynders, O. W. Woodbury, D. G. A. Venville and A. J. Nygard.

Although the news from both the army and naval sources is highly encouraging to the officials here, as indicating the practical end of the opposition of the insurgents north of Luzon.

Supposed Surrender.

Manila, Nov. 30.—It is supposed that the insurgent garrison at Bayombong, province of Nueva Vizcaya, numbering from 300 to 500 men, has surrendered to General Lawton who started for that point with the Thirty-fourth infantry.

Captain Nichols, who commands a detachment of the Twenty-third infantry at Zamboang, has established a provisional government there. The insurgents have surrendered to him four cannon and 200 rifles.

METHUEN'S BATTLE.

Public Anxiety and Suspense Awaits for Further Particulars.

London, Nov. 30.—Twelve hours' reflection upon Lord Methuen's brief dispatch has only served to increase public anxiety and suspense. All kinds of speculation have been indulged in. In the absence of any indication as to whether the Boers occupied the north or south bank of Modder river, the best opinion inclines to the latter theory, and it is pointed out that the British must have been utterly exhausted if they could not follow up the retiring Boers and crush them as the enemy crowded over the bridge, their compulsory line of retreat.

No word has since arrived from either Lord Methuen or from Natal. It is believed that Lord Methuen will be instantly reinforced from Cape Town by two battalions of infantry, a detachment of cavalry and a battery of artillery.

Colonel Albrecht, who is directing the work of the Boers in opposing Lord Methuen, was originally an officer in the Austrian army. He entered the Free State army and soon brought its artillery to a high state of efficiency. He is known as an able artilleryman and strategist.

While no credence is given to the rumor that Ladysmith has fallen, the scare serves to impress the public with the danger of what is still in the bounds of possibility. Such a misfortune would probably produce a formidable revolt among the Dutch.

TROUBLE EXPECTED.

Bloodshed Predicted Over the Contest for Governor in Kentucky.

New York, Nov. 30.—The Journal's Louisville special says that Saturday is likely to be a bloody day in Kentucky. The Goebel people will stand by the decision of the election board, pro or con.

Bradley is for Taylor, despite the board's possible decision against him. The Democrats will fight to the death they say, to maintain their rights.

The Journal's Washington special also says that Senator Deboe of Kentucky, saw McKinley and urged that Federal troops be sent to Kentucky to help seat Taylor.

Attorney General Griggs tells the president that he has authority in the premises.

Horse and Rider Killed.

Lampasas, Tex., Nov. 30.—Mrs. Davis, living about seven miles southeast from Lampasas, was thrown from her horse and fatally injured, dying soon after being carried home. The horse ran away and after throwing her, ran against a tree and killed himself.

A Mexican Killed.

Cameron, Tex., Nov. 30.—A Mexican by the name of Peto was shot and killed and his son slightly wounded near here. M. B. Owen waived examination before Justice Touchstone and was readily admitted to bail in the sum of \$5000.
